

SUPREME COURT OF QUEENSLAND

REGISTRY : Brisbane
NUMBER : 2980/14

Plaintiff: **Peter Markan**
AND
Defendant: **Bar Association of Queensland**

A f f i d a v i t

I,
Of address:

State on oath :

1. Bar Association of Queensland was sent my lawful Invoice on 12.03.2014 and then the reminder letter and the kind warning that if I do not receive the payment for my service I will have no other option than to ask the legal system for help.
2. BAQ REFUSED TO PAY but did not question nor deny the fact of me providing them the service nor its quality!
3. BAQ has had the usage of the benefits of my service greatly enhancing their standing in criminal circles.
4. Even after receiving the Court documents they wasted time for no other reason than arrogance instead of producing the defence arguments as per Uniform Civil Procedure Rules 1999 - 137 Time for notice of intention to defend.
5. BAQ 'Application' does not contain any evidence or reasons for rejecting my Claim against them. It is merely verbatim copy of some sections of UCPR1999.
6. BAQ appear to be looking for the escape routes, the audacious attempt to ask the Court to bypass the 'rule of law', instead of furnishing Notice of Intention to Defend.
7. BAQ is making a wink in Supreme Court direction and say - '**MATES, sweep this matter under the carpet**' by asking a judge for the abuse of discretion, to exercise it arbitrarily and capriciously.
8. For those reasons the Application by the Defendant is embarrassing, vexatious, scandalous, frivolous, unnecessary, liable to prejudice of the fair trial and contains untrue, false, distorted, misleading assertions and is an abuse of the process of the court.
9. They ask the court for the undeserved preferential treatment. Therefore, I am asking the Court to strike out their Application and let the law to take its course.
